

Dear all. Here are some Dig Deeper questions for this week for those who are meeting, or want to delve a bit deeper themselves:

1. In what ways do we see the hypocrisy of the Jewish leaders? Where do we see this in the world around us? Where do we see it in our own lives?
2. In what ways do we see Pilate's concern about (his) worldly power? What is it about the world's power that makes us so attracted to it, often at the expense of truth?
3. How do Jesus's words reveal the difference between earthly power, and the power of Jesus's kingdom?
4. What is going to help us to resist the pull of worldly power (status), and yearn for the truth of Jesus's kingdom instead?
